

GFC Space Allocation Committee

Number of Meetings: Fairly Infrequent, as required

1. To recommend to GFC with respect to space allowance, space utilization standards, and space function and quality guidelines.
2. To make decisions on the allocation and re-allocation of building space within existing space inventory according to guidelines established under 1. above. Such decisions are to be conveyed to the Vice-President, Administration for implementation and to UPC for information.
3. To analyze the impact of space reallocations, prior to new space construction and to recommend accordingly to UPC on allocations of space to units.
4. To receive and solicit requests for space.
5. To provide GFC with a written report on space allocations on an annual basis; and to advise GFC on plans for reallocation of space.
